

Early Literacy Space Theme (infant – toddler)

Rhode Island's Early Learning and Development Standards:

- Language Development
 - Literacy
- Physical Health and Motor Development
- Cognitive Development
 - Science

What to know about this kit:

This kit contains interactive books and toys that are space themed. Have fun using the stackable rocket, naming the planets, and learning about outer space. We've also included songs, finger rhymes, scarves, and egg shakers to extend the fun of learning through play with your child.

What can I do with this kit?

- Make your way to the center of our solar system with “8 Little Planets”
 - Have a fun sensory experience with “Crinkle, Crinkle, Little Star”
 - There's a little astronaut ready to lift off inside of the stackable toy rocket. Can you figure out how to stack the pieces so that he can visit the moon?
- 
-
